

FOR GROWTH & GOOD.

2023/24 IN-SCHOOL CONFERENCE PACKAGE

WHAT DO WE DO?

Our mission is to create a generation of young people leading for personal growth and collective good.

YoungLeaders.World is a non-profit that teaches a leadership curriculum to students aged 13-18.

Through the pillars of vision, values, strengths, barriers, and mission, YL.W teaches students that **leadership is a mindset, not a status**; leadership is a skill that can be used to propel youth toward the personal future that they envision.

Our curriculum draws from the issues that we believe are most pressing to youth today-- **mental health, motivation and career clarity**. We consult with our experts to give engaging youth the resources they need to thrive.

- **8 YEARS OF PROVIDING LEADERSHIP CONTENT AND RESOURCES**
- **OVER 28, 000 STUDENTS WORLDWIDE HAVE ENGAGED WITH OUR CONFERENCES AND CONTENT**
- **STUDENTS COMPLETE OUR PROGRAMMING WITH A ROAD MAP FOR THEIR FUTURE AND AN ACTION PLAN TO MAKE THEIR VISION COME TO LIFE.**

Our Educational Pillars:

VISION: Where are you going? (Seeing the best future for yourself, Goal Setting)

VALUES: What lines won't you cross? (What are the most important things in your life?)

BARRIERS: What will prevent you from reaching your goal? (i.e. Mental Health, Addictions, Motivation, Confidence etc.)

STRENGTHS: What will help you achieve your vision? (Career Clarity, Future Ready Skills, Courage, Resilience)

MISSION: "They Why" How do your talents fit the needs of the world?

BOOK A FULL-DAY CONFERENCE EVENT AT YOUR SCHOOL

Let us bring a full-day personal leadership event to students **at your school**. Our professional speakers will guide students through the YLW leadership curriculum and pillars.

A YLW conference has BIG energy! We combine that energy with content that helps students create a personal leadership action plan. Your gym will be transformed into a setting that will utilize professional production elements*, live music, and life-changing messages.

KEY TAKE-AWAYS FOR STUDENTS

- A clear understanding that leadership as a mindset and not a status.
- A personalized leadership plan that includes setting a vision and short term goals.
- Articulating values and identifying how they line up with actions
- At least 2 lessons in the speakers series on mental health as well as resources left behind for future use
- Individuals identifying how their strengths can be used positively in the community
- A customized workbook for each student to work in

We will deliver these through:

- Full school, high energy, high impact conference with 4 professional speakers and 1 incredible musician
- 3 videos resources and activities for students to complete after the speaker series talk
